

Maths

As mathematicians, we will be continuing to develop our knowledge and understanding of multiplication and division. Our focus times table this term will be the 4x table. During Maths lessons, we will then progress onto fractions and area.

Children in Beech class are working really hard to increase their recall speed on their times tables. It would be great if this could be continued to be supported at home.

RE

In RE, we will be learning about what it means to be Muslim in Britain today.

PE

PE this term will take place on Tuesday and Thursday afternoons. We will be learning gymnastics and ball skills.

Music

As musicians, children will make descriptive accompaniments and discover how the environment has inspired composers throughout history.

Topic

This term we will be focusing on our work as historians as we learn about the Ancient Greeks. Children will have the opportunity to learn about different sports during this period of history, including the Ancient Greek Olympics. We will also have a go at looking at different wars, including who the Ancient Greeks fought and the soldiers.

Beech Spring 1

Ancient Greeks – Wars and Sports

Believe ~ Learn ~ Grow

Value and PSHE

Our school value this term is Perseverance. During our PSHE sessions, we will be focusing on 'dreams and goals'.

English

As authors, we will start by writing our own narrative. Our writing will focus around 'The Corinthian Girl' by Christina Balit. We will be learning about different pronouns, subordinate clauses and plural and possessive '-s'. Our second writing unit will be a non-chronological report and we will be writing an information leaflet about the Ancient Greek Olympics.

As readers, we will be taking part in daily whole class reading sessions. These sessions will focus on children's reading fluency and expression, while also developing their comprehension knowledge and understanding.

MFL

As linguists, we will be learning to talk about our homes in French.

Art/DT

As artists and engineers, we will be focusing on food technology this term. Children will be having a go at planning, creating and evaluating their own healthy soup.
