

Maths

As mathematicians, children will be applying their knowledge of decimals to money. Children will then be exploring length, perimeter and area, before looking at time.

Children in Beech class are working really hard to increase their recall speed on their times tables. It would be great if this could be continued to be supported at home.

Topic

As geographers, children will be focusing on economic trade and activity.

They will start by gaining a good understanding of trade, learning about what items we do trade and who we trade with. Children will then gain insight into fair trade and learn about the global economy. Additionally, children will learn about how trading has changed over time.

English

As authors, we will be focusing on writing our own narrative inspired by the Barnabus Project. Within their writing, children will be focusing on using commas for a list, singular and plural possessive apostrophes, and punctuating direct speech.

As readers, we will be taking part in daily whole class reading sessions and we will be focusing on the narrative Varjak Paw. These sessions will focus on children's reading fluency and expression, while also developing their comprehension knowledge and understanding.

RE

In RE, we will be learning about the teachings of Jesus and the ways they are applied today.

Beech Summer 1

Economic Activity and Trade

Believe ~ Learn ~ Grow

PE

Tuesday: Swimming or fitness

Thursday: Athletics

MFL

As linguists, children will be learning to talk about the classroom using French.

Music

As musicians, children will be learning about different styles of music from all around the world.

Value and PSHE

Our school value this term is Friendship. During our PSHE sessions, we will be focusing on 'relationships'.

Art/DT

As artists and engineers, children will be having a go at planning, designing and creating a doorbell for the school office.
